

Licensure Requirements

(EI, PE, LSI, LS)

General Requirements for ALL applicants:

There is no waiver capability to the licensure requirements listed below as provided by the Alabama Law.

Passing scores must be a score that is accepted nationally. 70 is the nationally accepted score. We do not accept Veteran's Preference Points.

All applicants who attended and graduated with a 4 year BS engineering degree from a foreign institution will be required to have your transcript evaluated by ECEI or by AACRAO. There is no waiver to this requirement. Regardless of additional degrees received.

Experience cannot be anticipated. You must have the required time when the application is submitted.

To see the specific requirements for a particular application, go to that application under License Requirements & Application Forms.
